

School ERP and apps

Your whole school, in one place.

Admissions, fees, attendance, exams and transport share one record for each student. Enter it once and every app sees it.

₹0

up to 100 students

₹5

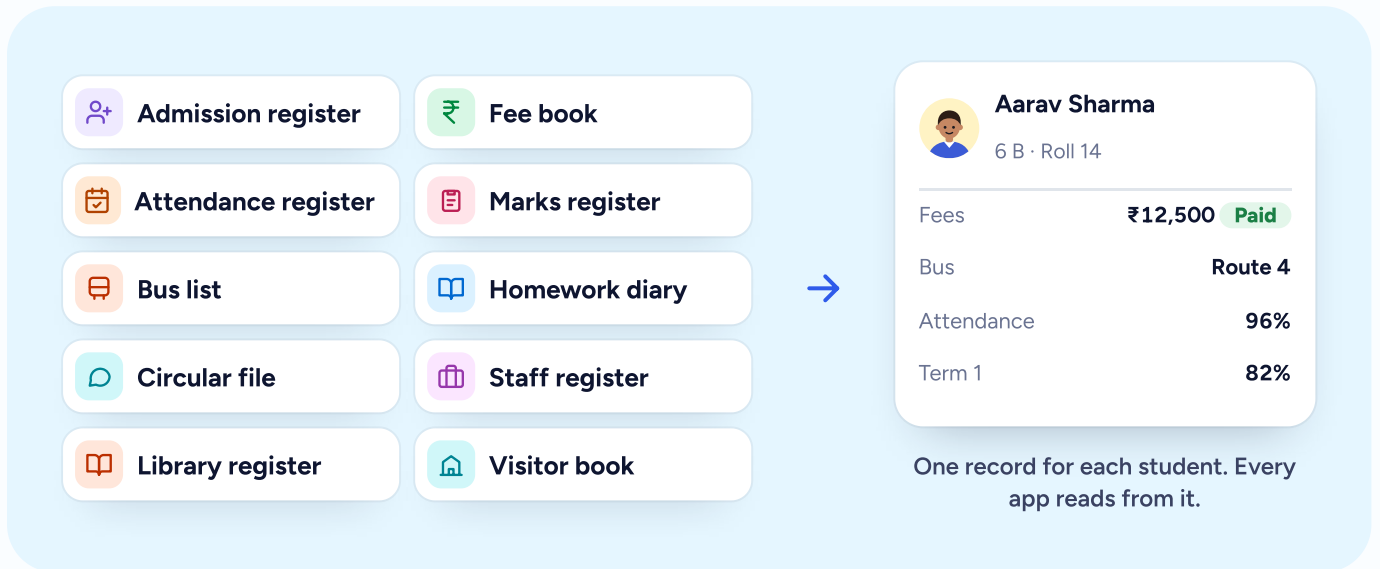

a student a month after that

₹3.50 paid yearly
5 apps

parents, teachers, principal,
drivers, students

From ten registers to one record.

Enter a child once at admission. Fees, the bus, attendance and marks all read from that one record.

Three jobs the office stops doing by hand.

FEES AND RECEIPTS

Collect fees without the receipt book.

Cash, cheque or UPI at the counter. The receipt reaches the parent on WhatsApp, and the day's total goes to Tally.

- ✓ Receipts on WhatsApp
- ✓ Reminders before the due date
- ✓ Tally export every evening

ATTENDANCE AND ALERTS

Attendance before the first bell ends.

Teachers mark the class from their phone. Parents of an absent child hear about it in the morning, not at the end of the day.

- ✓ Under a minute per class
- ✓ Absent alerts to parents
- ✓ Monthly registers, print-ready

BUS AND TRANSPORT

Parents watch the bus, not the clock.

Parents see the bus on the map and get an alert before their stop, so the office phone stays quiet.

- ✓ Live bus on the map
- ✓ Stop-by-stop alerts
- ✓ Fewer calls to the office

Run the office

The office's whole day: admissions and records, fees and accounts, and the staff who keep it going.

Admissions and records

From first enquiry to TC

6 features

- ✓ **Enquiries**
Follow up every lead till admission
- ✓ **Certificates**
TC, bonafide and character
- ✓ **ID cards**
Print with photo and QR

- ✓ **Exam schedule**
Date sheets for every class
- ✓ **Result analysis**
Toppers, weak subjects, trends
- ✓ **Marks entry**
Teachers enter, office checks
- ✓ **Admit cards**
Printed in one go

Keep parents close

Parents hear from the school, see the bus and pay fees, without phoning the office.

Communication

Reach every parent, no phone tree

4 features

SMS and WhatsApp

Bulk or to one parent

Circulars

To classes, staff or everyone

Parent chat

Inside the app, not personal numbers

Events and gallery

Photos straight to parents

Transport and campus

Buses, books and the front gate

5 features

Bus GPS

Routes, stops and live bus location

Library

Issue, return, fines

Visitor log

Passes, in and out times

Hostel

Rooms and allocation

Inventory

Stock and issue register

And across every module

A web address of your own

yourschool.scoolin.com, ready the day you sign up, with an admissions page linked to your records.

Change it once

Change a bus stop or a holiday once. Parents, teachers, drivers and students all see it.

Your board's report cards

CBSE, ICSE or state board report cards, in Hindi or English.

Printed or on WhatsApp

Receipts, report cards and TCs go out the way each family wants them.

An app for everyone.

Parents, teachers, the principal, drivers and students each get their own, all reading from the same record.

Parent app

Attendance, homework, fees and circulars in one place

Teacher app

Mark attendance, post homework, enter marks

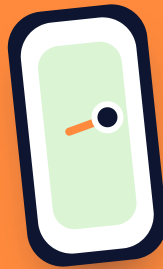

Principal app

Today's attendance, collection and dues

Driver app

Live bus location for parents, pickup alerts

Student app

Timetable, study material and results

Made for the phones parents have

The parent and teacher apps are built for low-cost Android phones and slow networks.

Hindi and English

Messages and the parent app work in Hindi and English.

Each person sees only their part

A teacher sees their classes, a parent their own child, and the school decides who sees fees.

WHO SEES WHAT

Teacher: 6 B and 7 A

Parent: Aarav only

Fees: office only

Free for a small school.

Up to 100 students, Scoolin costs nothing. Above that it's ₹5 a student each month, and 30% less when you pay for a year.

FREE PLAN

₹0 for up to 100 students

For new and small schools. Start today; no card needed.

- ✓ Admissions, fees, attendance
- ✓ Parent app
- ✓ Web address

SCHOOL PLAN

₹5 a student a month

₹3 for each student above 500.

Pay for a year and it's 30% less
₹3.50 a student a month, ₹2.10 above 500.

- ✓ Everything in Free
- ✓ Any number of students
- ✓ Data moved in from Excel

What every school gets.

- ✓ **The whole school office, in one place**
Every part works from the same student record.
- ✓ **Apps for parents and teachers**
Fees, notices and attendance on their phones.
- ✓ **A web address of your own**
Ready the day you sign up.
- ✓ **We move your data in, at no extra cost**
Send your student list and fee heads in Excel. We bring them in and check them with your office before you go live.

About the price.

What counts as a student?

Each student on your rolls this session. Teachers, staff and parents don't add to the price.

How do we pay?

Every month, or once a year for 30% less. Either way you pay for the students on your rolls.

What happens when we cross 100 students?

Nothing stops working. You move to the school plan and pay for every student, from ₹5 a month each.

Does moving our data in cost extra?

No. Send your student list and fee heads in Excel and we bring them in for you.

Getting started

See Scoolin with your own classes.

A 30-minute demo with your own classes and fee heads, then decide for yourself.

1

Book a free demo

30 minutes on a call, with your own classes and fee heads.

2

Send your Excel

Your student list and fee heads, the way you keep them today.

3

We move it in

We bring it into Scoolin and check it with your office.

4

Go live

Staff log in, and parents get the app on their phones.

Your data stays yours.

- ✓ Export everything in Excel whenever you like.
- ✓ No ads, and we never sell data.
- ✓ Kept on servers in India.
- ✓ Only the staff you give access to can see it.
